# WHO ARE WE?

We are young people and organisations in Warwickshire who work together to **create opportunities for young people to shape the arts** and cultural offers available to them. We also work across sectors to bring about **positive change in our communities**. We are one of the many **Local Cultural Education Partnerships** (LCEPs) across England.

Ours is the first LCEP in the country to be **youth-led**.

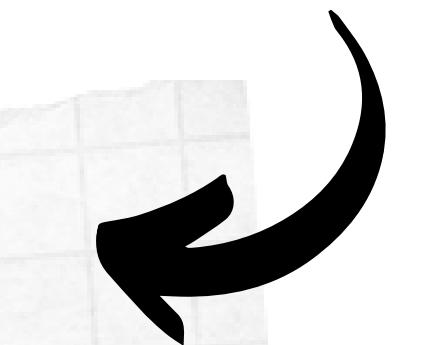

# WHAT IS AN 'LCEP'?

LCEPs **support children and young people to fulfil their creative potential** and **access high-quality cultural experiences** where they live, where they go to school, and where they spend their free time.

Partners come together from across sectors, **responding to local needs** and interests, to drive a more **joined-up cultural education offer** and share resources.

LCEPs improve the **visibility of cultural education** in their local area.

# 'YOUNG PEOPLE'

Young people are at the heart of what we do – this includes **individuals aged 25 and under who live in Warwickshire**.

In 2022/2023:

- **202** young people were involved in our programme
- **470+** were impacted by the project's activities

We think young people should be able to **shout** about what they want in the arts.

# THE ORGANISATIONS

We have an **Adult Steering Group** that meets regularly to strategically support the vision of the young people.
